

Northern New England Westie Rescue Inc. A 501c3 Charity

Registering Your Pet's Microchip

It's important that you immediately register your pet's microchip with a national chip registry. These registries maintain a database of your pet's unique chip ID and your name and address so that if your pet is ever lost, any shelter, dog officer or vet can scan your pet and determine the chip number so it can be checked in the database. If you don't register the chip, it will come up as UNREGISTERED, and it will do your pet absolutely no good.

Northern New England Westie Rescue in conjunction with HomeAgain® ChipFurKeeps has a discounted chip registration program available for all of our rescuers. Rather than the **one time** \$17.99 charge to register your microchip, you can now register your pet for only \$10.99 for a lifetime Here is how to do it:

ONLINE-

Go to www.homeagain.com/chipfurkeeps YOU MUST ENTER THE SHELTER ID WHICH IS NH140. This is key to getting the discount. Complete the registration and you can pay by credit card.

PHONE

Call (866) 802-5650 TOLL FREE and give the HomeAgain® representative our shelter ID which is **NH140**. The representative will assist you in enrolling the chip.

ANY BRAND OF MICROCHIP MAY BE ENROLLED. Each chip registered at this discounted price also earns NNEWR a free microchip to use on another rescued dog.

AN UNREGISTERED CHIP IS LIKE A BLANK ID TAG... IT DOES ABSOLUTELY NO GOOD
